DIRECTIONS FOR USE

Restricted Use Pesticide

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the user's possession at the time of application of this product.

Apply this product only for the sites, pests and application methods specified on this label.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets or other domestic animals to this product. To help prevent accidents:

1. Store product not in use in locations out of reach of children, pets and other animals.
2. Keep pets and livestock out of treated areas until bait has been consumed by the rodents.
3. Dispose of product container, unused, spoiled or unconsumed bait as directed on this label.

Use Restrictions: Use this product to kill flea populations on prairie dogs of the Genus *Cynomys* in parks, golf courses, non-crop rights-of-way and other non-crop areas. The insecticide in this product acts systemically to kill fleas that commonly infest prairie dogs including, but not necessarily limited to *Oropsylla spp.* fleas. Do not apply bait over roads, walkways or water.

Wear waterproof gloves when applying bait. With detergent and hot water, wash all utensils used for applying bait. Do not use these utensils for mixing, holding or transferring foods or feeds.

Treatment Period: Apply bait between September 1 and April 30 of the following year when prairie dogs will most readily take the grain bait.

Baiting: Scatter bait on ground within 6 feet of each burrow opening used by prairie dogs using following application rates and frequency to complete one baiting cycle:

Treatment Day	Bait Application per Active Burrow	Max. Application Rate per Acre (treats 30 burrows)
Day 1	4/5 cup (6.5 oz / 0.4 lbs / 184 g)	12 lbs
Day 8	2/5 cup (3.25 oz / 0.2 lbs / 92 g)	6 lbs
Day 22	2/5 cup (3.25 oz / 0.2 lbs / 92 g)	6 lbs
Total per baiting cycle	1 3/5 cup (12.875 oz / 0.8 lbs / 368 g)	24 lbs

Bait spoons, measuring cups or other suitable implements may be used to measure and distribute bait. Maximum application rate per acre per baiting cycle is 24 lbs. of Flea Control Bait with Fipronil (0.0012 lb AI). Do not exceed 24 pounds of bait per acre (30 burrows) per baiting cycle.

Follow-Up Applications: Applications may be repeated one (1) month after the third application, following the same baiting cycle as listed above. Do not exceed 4 baiting cycles (or 12 applications) during the allowed 8-month treatment period (September 1 through April 30). Do not exceed a total of 96 lbs. of product per acre (0.0048 lbs. AI) during the allowed 8-month treatment period.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Pesticide Disposal and Container Handling: Non-refillable container; do not reuse or refill this container. Offer for recycling, if available, or reconditioning, if appropriate; otherwise, dispose of empty container in a sanitary landfill; or by incineration.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Keep away from humans, domestic animals and pets. Causes moderate eye irritation. Do not get in eyes or on skin or clothing. Wash arms, hands and face with soap and water after applying and before eating, drinking, chewing gum, using tobacco or using the toilet. Applicators must wear long-sleeved shirt, long pants, socks, shoes and waterproof gloves.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining personal protective equipment (PPE). If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Poison Control Center at 1-800-222-1222 for emergency medical treatment information.

If Swallowed, immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing, take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in Eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN

No specific antidote is available; treat the patient symptomatically.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates and toxic to mammals and birds. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

WARRANTY

To the extent consistent with applicable law, Manufacturer and Seller make no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use/handling is contrary to label instructions.
